Greven, 29.10.2021

i.V. Dipl. Ing (FH) Dietmar Altemeier IWE
- Deputy Head of Certification Body –

This conformity attestation applies to the following products / components:

Cappers domestic valves SCA 19 / Ino20

The test reports, (deposited at Kiwa), are part of the conformity attestation and listed in the undisclosed 'appendix A' to this certificate.

The recipe and specific product requirements are laid down in the for confidentiality reasons undisclosed 'appendix A' to this certificate.

The attestation of conformity is valid from the date of issue and remains valid until 01.04.2022 as long as the conditions listed under "Notes" are fulfilled.

Notes:

The conformity attestation was issued under the condition that the starting materials used to manufacture the product or their composition and/or components, including their manufacturer and supply chain, were fully disclosed and no other substances are contained in the product.

The validity of this document expires in case of changes in the composition of the product or in the processing conditions not agreed with the certification body and in case of non-compliance with the conformity requirements as well as in case of termination of the 1+ system monitoring program of the certification body and manufacturer.

The results of our audits and the assessments apply to the test items examined and the statutory regulations applicable at the time of the audit. This document may only be published or reproduced in complete and unchanged form without our express written consent.
